URGENTCARE
by Lifetime Health

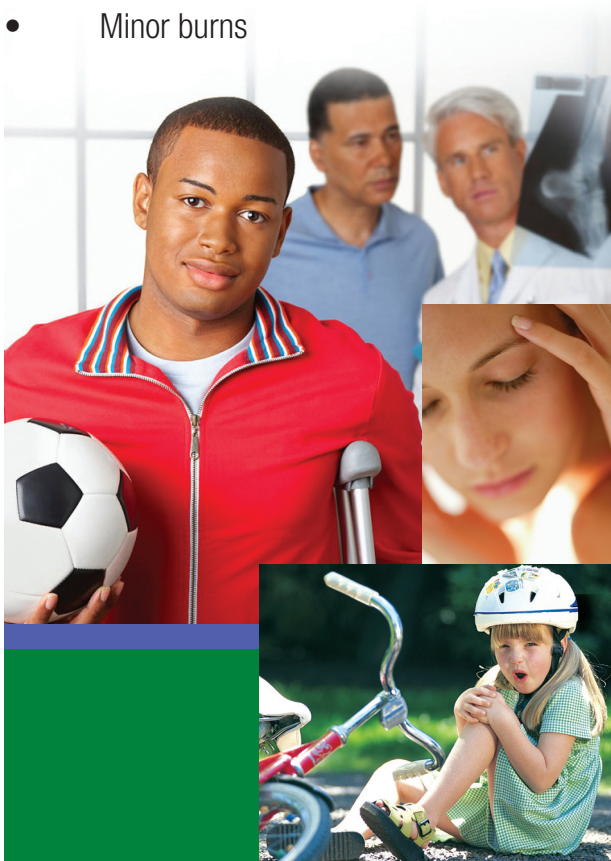

Open seven days a week - afternoons,
evenings, weekends and holidays!

Fast, quality care for urgent medical needs

Visit us for injuries or illnesses that are urgent, but not life-threatening, including:

- Cuts, sprains, and simple fractures
- Minor lacerations
- Flu-like symptoms
- Earaches, sore throats and fevers
- Minor burns

Need Care Today?

Urgent Care by Lifetime Health provides care for your urgent medical needs without the wait or expense that can come with an emergency room visit.

Walk In or Call Ahead for a Same Day Appointment!

Walk-ins are always welcomed – or you can call ahead for a same day appointment. Most patients are treated in one hour or less and most tests and laboratory services are done on site for your convenience.

Effective Care and Experienced Staff

We've been providing urgent care services in our community for more than 20 years. Our board-certified and board-eligible physicians, physician assistants and nurse practitioners are highly skilled and experienced. We provide a secure, private and convenient setting for treatment, just like your personal physician's office. In surveys, patients treated at our Urgent Care locations consistently give us high grades. More than 96% percent of patients are "very satisfied" or "satisfied" with the overall care they receive.

Supporting Your Personal Physician

Urgent Care by Lifetime Health is here to support your primary care physician in caring for your medical needs. Following your visit to urgent care, we send a report to your physician, with all details of your visit and the treatment provided.

We've Got You Covered

Urgent Care by Lifetime Health is open seven days a week, afternoons, evenings, weekends and holidays.

We accept all major insurances, including: Aetna, BlueCross BlueShield of Western New York, Blue Choice, Independent Health, Univera Healthcare, Senior Choice, Univera Community Health, Fidelis, Gold Choice, Medicaid and Medicare.

Payment is due at the time of visit. Coverage may vary and cost is subject to copayment, fees or deductible requirements. Please check with your insurance plan for costs associated with an urgent care visit.
